Bandit – Stage by Stage explanation

Level 0

All you have to do here is ssh onto the bandit server. This can be done with the command `$ ssh -p 2220 bandit0@bandit.labs.overthewire.org` and then entering the password `bandit0`

Level 1

The password for the next level is stored in a file on the desktop named 'readme'.

This can be revealed with the `ls` command, and read with `cat readme`.

The password for bandit1 is `boJ9jbbUNNfktd78OOpsqOltutMc3MY1`
